That's just Binance silliness. FTX is rock solid, doesn't use customer funds or take credit risk at all. It cannot have "liquidity" issues because it doesn't lend.

I'll get back to you on town hall. Discussing calendar and sequence for closing with debtor later this week.

We are getting a lot of inbounds regarding liquidity issues at FTX/Alameda. We also had a lot of leftover questions from the last town hall. I'm thinking we'd like to do another one next week and would like you for your team to be a part of it. We can't be silent on these issues and I don't want to speak for FTX. Let me know your thoughts on timing and who on your side would be best to join and handle FTX-related questions.
